

THE WONDERS OF REFLECTION

LIGHT REVEALS THE WORLD. REFLECTION TRANSFORMS IT.

Across the globe, extraordinary reflections turn landscapes, architecture, and light into wonders of their own. This menu brings together eight remarkable reflections from around the world, inviting you to experience them through sight, flavor, and imagination.

LUMINAIR X JOEP HIJWEGEN

These eight reflections are brought to life through the lens of award-winning photographer Joep Hijwegen. At the heart of the artwork beside the bar, a ninth wonder invites you to pause and reflect on the one reflection not captured by the lens: your own.
